MERCHANDISER®

With Doors

Our retail partners asked for a display case with the merchandising flexibility of our open multi-decks crossed with the energy efficiency of our reach-in display cases. Make way for the Reveal Merchandiser® with Doors!

The Reveal Merchandiser® with Doors was developed through active collaboration between the Zero Zone team and our retail partners, so you know it was designed to meet your needs. Take a look at this case that was born through our partnership with you.

“It was a challenge to add doors to the Reveal Merchandiser®, but our engineers overcame that and designed a visually appealing case which takes significantly less energy to operate.”

– Eric G., Engineer Service Manager

Features:

- CoolView® Ultra™ French-swing doors
- Bright, even ChillBrite® LED vertical lighting
- Either 83" or 88" tall
- Great fit and finish
- Sleek and elegant design

Benefits:

- Product freshness
- Continuous, uninterrupted display
- Maximum facings and packout
- Long-lasting and durable
- Up to 71% lower operating costs than open multi-decks

The Reveal Merchandiser® product line has flourished and grown ever since its launch in 2017, adding Tall, Meat Exclusive (MX), Produce Exclusive (PX), Hybrid™, and now with Doors! Whatever the case may be, Reveal™ is right for retailers.

“The Reveal Merchandiser® with Doors complements its other Zero Zone display case counterparts, creating a sleek, consistent appearance throughout the store. Choosing Zero Zone merchandisers helps retailers pull together the look of their entire store design.”

– Dan O., President of Sales & Marketing
