

ICE MERCHANDISER GRID INSTALLATION

Instructions for installing shelves and grids inside of the Ice Merchandiser.

INSTALLING THE GRIDS

Note: These instructions only apply to Ice Merchandisers shipped with shelves.

Note: The grids will arrive secured by zip-tie to the rear standard and top shelf (See Figure 1).

Note: A portion of the grid will ship pre-installed.

1. Cut the rear standard zip-ties (See Figure 2).
2. Cut the top-shelf zip-ties. (See Figure 2).
3. Remove the Grids.
4. Remove the Shelves.
5. Install the grids by attaching the rear of the grid to the rear standard inside the display case (See Figure 3).

Note: Install the shelves in the free spaces between the grid rails. Do not attempt to install shelves over the rear grid rails.
