

SMALL FORMAT

refrigeration system & display case solutions for your store

about Small Format Retail

Small-format stores are usually less than 25,000ft² and require less than 30 tons of refrigeration capacity.

- > Convenience Stores
- > Pharmacies
- > Discount/Dollar Stores
- > Grocery Stores

Due to their size, small-format stores may not have the space or lease agreement to install large rack units or long display case lineups.

Highlight Merchandiser® RHMC30D

get it before it's gone!

Hybrid™ Display

A Hybrid™ merchandiser is a remote case with a condensing unit sized appropriately for each case. This combines the ease of a self-contained case with the capacity of a supermarket case.

Good news! Hybrid™ display cases can be installed until **January 1, 2026** in accordance with the AIM Act. They are only available this year so get it before it's gone!

case solutions

Zero Zone Display Cases

Small neighborhood shops looking to expand their product selection, such as beverages or frozen treats, find their answers with Zero Zone, as we offer equipment that perfectly matches their size and requirements.

system solutions

Refrigeration Systems

Edge™ Distributed System

By decentralizing the refrigeration process, Edge™ offers lower refrigerant charge, space saving installation, and improved energy performance.

Outdoor Parallel System

Maximize space efficiency with our outdoor parallel rack systems. Install them on a concrete pad or roof to free up valuable space indoors.

Genesys™ by Zero Zone Natural Solutions

Why CO₂ in small format?

- > Future-proof for refrigerant regulations
- > Energy efficient
- > Stable, non-toxic, non-combustible
- > Ability to use heat reclaim for space heating, dehumidification, and heating water

now available

90-Bar Pressure Rating

A 90-bar rated CO₂ display case and system can hold charge for longer, reducing the risk of losing refrigerant and reducing your potential product loss during downtime.

Talk to your sales rep today to see if 90-Bar solutions are the right fit for your store!
